NEW DELUXE 501501 - 501572

SUPER 100'S

One of the foundations of the Scabal fabric collections, New Deluxe has been renewed for a new decade. A true year-round collection of plains, with over 70 colours to choose from, including 12 brand new shades and the introduction of a selection of melanges in classic suiting colours for the gentleman that wants some added interest and texture.

The Super 100's wool makes for a very adaptable cloth that is as easy to care for, as it is to tailor and at 260gm the Prunelle weave adds a comfortable wearing quality making it a versatile choice for suits, trousers, or jackets.

COSMOPOLITAN 705161 - 705206

100% SUPERFINE MERINO WOOL

The Cosmopolitan collection is a new introduction with a global feel. Made from superfine Merino wool, this tropical fabric range is as varied as its name suggests. Striped designs feature throughout in variations from classic pinstripe to two tone, narrow and shadow, many featuring subtle complementary colour combinations. There is also a solid selection of checks and glenchecks where tonal colours have been woven to create intricate designs.

The stand out story within the collection is the two tone changeant cloths. These combine contrasting colours to create a result that changes shades depending on the light and vary in impact from the close-up discovery of the brown/blue mix to the stand out boldness of the orange/turquoise. This is a collection that deserves to be explored.

IMAGE 705211 - 705275

100% SUPERFINE MERINO WOOL

Made from a superfine Merino wool the Image collection is a go-to for year-round suiting choices. The collection is constructed from a Prunelle twill which enriches the weave and ensures it is very durable but with a modern drape and a soft hand feel. This construction works particularly well with striped designs and you will find an assortment featured throughout. What is unusual, are the checks and glenchecks that our master weavers have also created with the Prunelle, which gives them a more refined look. Subtle micro designs and shadow weaves also feature to add close up interest to cloths that from a distance look plain.

This collection is designed for traditional business suiting so base colours are the classic shades of browns, blues, greys and blacks but there are some unexpected brights hidden subtly in the checks and the stripes, which add a modern touch and a fresh feel.

TURBO TRAVEL 705281 - 705319

HIGH TECHNOLOGY STRETCH

For the regular business traveller efficiency and adaptability are essential traits of a successful working wardrobe and this new collection has been designed with this in mind.

Turbo Travel is the perfect choice for the modern gentleman who chooses to travel light. As well as being breathable and crease-resistant, making it ideal to be packed into a suitcase, it is lightweight with a comfortable natural stretch and a water-repellent finish to help keep you cool in hot climates and dry in wet ones.

Choose from a palette of neutral plain colours including a selection of soft melanges or modern fancy checks where a double twisted yarn has been used to give a 3D look to the designs.

MANHATTAN 753961 - 753980

SUPER 150'S & SILK

This exclusive collection wouldn't be out of place amongst the sights of New York, like Manhattan itself, it's a mix of classic but with a modern twist.

This luxurious range is lightweight, but don't be fooled – its remarkably easy to tailor thanks to the added silk which has been spun around each wool thread to create a surprising robustness without adding weight. The silk also adds a subtle lustre, highlighting the discrete pick and pick designs and inter woven colours which include rich browns, royal blues and business greys.

MOHAIR AND SILK 753991 - 754004

WOOL - KID MOHAIR - SILK

Designed for the connoisseur who is looking for understated luxury but loves to wear colour. This exclusive collection of plains is anything but, with a distinctly summer feel, the pastel colours recall sun drenched days. There are also some classics featured, brown, beige and a selection of blues bring some pragmatism to the range. The mix of Silk and Mohair complement each other perfectly with the Mohair adding a more refined finish and a dry hand feel and the Silk adding a beautiful luminosity to the finish of each cloth.

SAN BABILA 802761 - 802770

FRISÉ SUMMER JACKETS

Inspired by the vibrant area of Milan where the Scabal office is based, the San Babila collection is a selective jacketing assortment of ten specially created designs all featuring a distinctive Frisé yarn. The fancy designs all share the same base colours of red, white, blue and black but when the colours are combined in different ways they produce a collection of interest with a distinctly Italian feel.

320gm may sound heavy for a summer collection but the use of the Frisé yarns adds texture rather than weight making it perfect for a statement jacket that can be adapted to day or night wear throughout the summer season.

NOBILITY 852891 - 852927

SILK BLEND AND PURE SILK JACKETS

Building on its refined lineage, the Nobility collection has been re-imagined for a new season. It feels fresh and new and will add a splash of colour to your day. Two new fabric stories have been introduced, the first is a two-tone silk combination which has been woven to ensure the silk shines through the patterns and gives the impression it is floating on the ground colours. The colour combinations are unusual and are created by using silver and gold as the base with mixes of browns and blues that creates both cool and warm colour.

Also new, is the introduction of a classic navy alongside some pure silk melange options in a selection of bright shades which looks soft and gleaming a technique that is hard to achieve with pure silk.

Across the rest of the collection there is a wide choice of patterns & designs, dramatic checks and rich houndstooth feature alongside soft pastel herringbones. The silk finish adds a touch of glamour throughout and a beautiful sheen to these exquisite fabrics.

ST. TROPEZ 852931 - 852962

SUMMER JACKETS

Summer doesn't get any more glamorous than St Tropez and this new collection is the epitome of that feeling. Linen, silk, cotton and fine wools have been mixed in different combinations to create variety and interest throughout the range.

Designed for those who want to stand out, colours and patterns are bright and fancy. Choices range from an unusual striped seersucker to a selection of vibrant large check designs. This is a collection full of textures, the ground colours give a 3D feel and the highlight colours pop, with the silk adding a luxurious shine.

The range is completed by two beautifully textured pure navy wools, light enough to create a blazer of distinction but with a touch of natural stretch to ensure relaxed comfort. Perfect for dressing up a tranquil evening on the French Riviera.
